

Meeting Expectations of Customers Through Distribution

Offering a Complete Line of
Healthcare Products & Equipment
by Providing Savings & Solutions
to All Your Purchasing Needs

- * Consistency
- * Experience
- * Knowledge
- * Reliability
- * Value

...these are the foundations that allow Eco Sound to be one of the most trusted distributors in the industry.

Ecologically Sound Medical Services; centrally located in Tracy, California, is a service oriented wholesale distributor of quality healthcare products, serving all markets of the healthcare industry. We are an approved **Medi-Cal Provider** offering products and services to eligible recipients under the **Medi-Cal Program**. We distribute healthcare products throughout California and the Western United States.

Eco Sound Medical distributes and provides products and services to **Medi-Cal** eligible recipients at home, in Assisted Living Communities, Intermediate Care Facility DDH-Developmentally Disabled Habilitatives and DDN-Nursing, in addition to working directly with Social Service coordinators that offer In-Home Support Services, Multi-Purpose Senior Service Programs and Adult Protective Services. Eco Sound provides a full range of quality incontinent products, medical nutritional, skin care products and a full line of durable medical equipment. Our focus is selection, product knowledge, education for our clients, support services and providing the highest level of customer service from our **Medi-Cal Specialists**. Our founders long standing reputation and heritage in Healthcare Product Distribution gives our clients extra value and a company you can trust.

Some of the services we offer include:

- *Providing the most advanced & quality incontinent care products in today's market.*
- *In-service Social Service Organizations to test product performance and new advancements.*
- *Provide TAR'S (Treatment Authorization Requests) for clients who need additional products, not on the Medi-Cal formulary.*
- *Respond quickly to our clients using a network of delivery options, including our own fleet of trucks.*
- *Assess clients to meet their individual needs.*

Please contact our Medi-Cal specialist; Paula Stinyard, for an appointment to discuss your healthcare needs and services.
